At Lehigh Hanson, we're committed to providing the best for our customers. That's why we're excited to share recent improvements to our customer account management service, **Lehigh Hanson Online**. We're confident these tools will provide added efficiency for your back-office personnel.

Experience the convenience of **accessing all of our product lines in one place with a single log-in**. Enjoy the ability to **access all areas of your account, 24/7**:

- **Statements**
- **Invoices**
- **Documents workspace**
- **Signed bills of lading/tickets**
- **Account balance and order history**
- **Resources (SDS, mill certs, letters of certification, etc.)**

As an existing online account holder, the majority of these updates will be applied to your account automatically. We encourage you to sign-up for additional features such as the **ability to receive notifications when cement mill certifications have been posted**. You can opt into these features by going into Resources, then select mill test reports feature and clicking subscribe on the plant that supplies your business.

Other new features will be rolling out this year, so please stay tuned for updates!

Check out what these customers had to say:

“...love the new interface and Document Workspace feature.”

—Nelson Brothers Ready Mix

“ Impressed with the new look and availability to view signed tickets and Dividia images.”
